Avec Hadopi, jamais la culture P2P n'aura été aussi forte

The tower of learning. The tower of despair. The tower of the moon. Best college campus layout.

Before he was appointed dean, Theun was Open Innovation Program Manager at TU Delft. The Research Project must include the following: a. Data will be held for a period of maximum five years after the deadline of the call for proposals. Neem een kijkje in Pulse: Virtual Tour Education Rooms meer informatie De benodigde software is voor alle TU Delft studenten en medewerkers te downloaden via de software portal, software.tudelft.nl. Considering the principle of reciprocity, FAPESP exceptionally may either support doctoral students from São Paulo state to take part in the scientific missions. Duration of the project for the exchange of researchers The maximum duration of each project is 1 year. Scholarship for students, e. Daily, about 27.000 people travel across our campus: students, scientists, visitors, and employees of the university and the companies on campus. The TU Delft campus has a green, parky character. Our students are also challenged to bring out the best in themselves and take responsibility for their future. Participating TU Delft post-doctoral or doctoral fellows must hold a research position during the planned exchange mission at TU Delft. 3. The foundations and results of this research are reflected in outstanding contemporary and modern education. Between 1986 and 2011, he held various positions at Philips Research, gaining extensive experience in working with scientists to foster successful research. Grant letter for selected projects by TU Delft Selected proposals will subject to the conditions set forth in the letter of award of TU Delft. 8. De pakketten die je kunt downloaden zijn specifiek gemaakt per faculteit en getest voor Windows 10. 9. Altijd en overal de beschikking over een veilige online werkplek om op afstand te kunnen werken of studeren via weblogin.tudelft.nl. Software Support Heb je problemen met de software, neem dan contact op met een van de Student IT Desks. Applicants must be academic staff at Delft University of Technology with a contract of employment for the full length of the proposed project. One copy of the Research Project shall be sent to FAPESP and an identical copy to the TU Delft. Note: Proposals to this call should observe items 3.1 and 3.3 of FAPESP eligibility rules (www.fapesp.br/sprint/call32019): the SPRINT proposal must be linked to an ongoing research project (see item 3.1) which must have a minimum of six months' duration left by the scheduled beginning of the mobility project. The personal data you have provided in the application to this call for proposals will be processed at TU Delft and transferred to FAPESP (Brazil) as necessary step for the purpose of joint analysis and evaluation of the received proposals, granting, and follow-up of the granted proposals. Please refer to such a project in the application. Accommodation and subsistence costs 5.5. The following restrictions apply on the use of funding listed in 5.4: Conferences/workshops: costs to organise and hold a conference or workshop shall not exceed 50% of the overall budget (excluding travel and accommodation of participants) 5.6. Applications Activities that will not be considered for funding: a. During his last ten years at Philips, Theun was an active member of the management team as Chief Operating Officer and Program Manager. 5.4. Activities eligible for funding by TU Delft: a. Theun Baller studied Physics at the University of Amsterdam and obtained his PhD for fundamental process research at the University of Twente. FAPESP and TU Delft signed a Cooperation Agreement for Research on July 23 rd, 2018, aiming to implement scientific and technological cooperation between researchers from TU Delft, the Netherlands, and from the State of Sao Paulo, Brazil, through the funding of joint research projects. 1.2. Eligibility for the exchange activities within the scope of this Call a. Clear signage on the campus ring guides you easily to the central parking lots. 5.3. The funding is provided on the basis that it will be used as catalytic funding for the establishment of an international research collaboration that has the potential to develop further, beyond the lifetime of the grant, and ideally leverage external funding. 6.2. The following additional documents are required from TU Delft: a. Detailed schedule of the exchange missions to be carried out by the TU Delft team at the São Paulo institution and the São Paulo team at TU Delft, considering the limit of missions and funding established in this Call; AND c. Contribution to workshop costs (rental location, etc.) d. The faculty of 3mE presents itself as a dynamic and innovative faculty aimed at having its staff, students and alumni make a significant contribution to the development and growth of a sustainable society, as well as prosperity and welfare. In this case, the doctoral student(s) must have an ongoing FAPESP fellowship during the planned exchange mission to the partner institution. Academic mobility between Delft and the State of São Paulo b. Page 2 Theun Baller has been dean of the faculty of 3mE since June 2012. Parking: at the rear entrance of the building. A substantive description of the workshop activities, emphasizing their purpose and relevance for (future) joint research; OR b. Information about this Call at TU Delft All questions related to this Call for Proposals must be directed to: E-mail: D.vandeSande@tudelft.nl 12. Data protection Delft University of Technology is committed to data protection (EU GDPR Regulation EU2016/679, 'Algemene Verordening Gegevensbescherming' Law implemented by 25 May 2018). Weblogin (Citrix) De meeste applicaties die beschikbaar zijn op de standaard werkplek, staan ook in de Weblogin (ook wel Citrix genoemd) omgeving. The same document is required by FAPESP in item 6.2.3 at www.fapesp.br/sprint/call32019. He has always worked at the interface of science and business. 5.2. FAPESP and TU Delft will fund a maximum of 4 approved proposals per year. Building 21Prometheusplein 12628 ZC DelftTel: +31 (0)15 27 85678 Contact and mapCampus map Available at Specific requests for proposals submissions from researchers of the Delft University of Technology Delft University of Technology (TU Delft) is committed to collaborating with other research institutions to maximize resources, facilitate research, and accelerate understanding for fundamental and applied research in areas including but not limited to energy, water (including coastal management), smart mobility and infrastructure and aerospace engineering. Data will be treated as confidential, and will not be transferred to other third parties besides TU Delft and FAPESP. 10. Proposal characteristics for TU Delft researchers: The proposal shall be composed of: 6.1 Research Project having a maximum of 5 pages including one (1) page of scientific content, written in English jointly by the Principal Investigator at the Host Institution in the State of São Paulo and the Principal Investigator at the TU Delft. This Letter of Agreement may be delivered after the notification of results of this call for proposals and before the grant agreement signature. The campus has been equipped with an extensive bicycle and pedestrian road network. This education inspires 3mE students to become socially engaged and responsible engineers and scientists, who make optimum use of their competencies and expertise in order to resolve social problems and develop valuable technological innovations. For more information on the privacy policy of TU Delft, please see . Letter of Agreement of the Host Institution in the State of São Paulo to which the PI from São Paulo is affiliated. Under the referred Agreement a continuation of this fruitful collaboration, FAPESP and TU Delft make public this Call for Proposals for the organization of workshops and the exchange of researchers under the terms and conditions of the SPRINT 3rd Edition 2019 (www.fapesp.br/sprint/call32019) and hereinafter set forth. Submission of proposals to TU Delft The completed application should be saved as a single PDF file, which is to be sent before the deadline to Daphne van de Sande (email: D.vandeSande@tudelft.nl). 2. c. Stretching over 161 hectares, the campus is larger than downtown Delft, and one of the largest university campuses in the world. Funding principles 5.1. FAPESP will provide funding of up to the equivalent of Euro 7.500 (seven thousand five hundred euro) per proposal per year and TU Delft will provide funding of up to Euro 7.500 (seven thousand five hundred euro) per proposal per year, for the duration of the grant to cover research-related mobility and/or workshop expenses (see details below), under the provisions of Clause 5 of the Scientific Cooperation Agreement established by the Parties (. Performance indicators for the planned activities, indicating the expected results and a time schedule; d. b. Travel expenses based on economy class c. 7. As part of the process of applying for support under this call for proposals, you are asked to provide the following personal data: name, position at TU Delft, group/Department/Faculty, employment situation: whether permanent, or if not permanent end date of current employment contract, and a CV of maximum two pages. Academic staff with a contract of employment for the full length of the proposed project. Website development; c. 1. Our graduate engineers have competencies and skills that enable them to work in a wide range of areas in society, both in the Netherlands and abroad. Page 3 The staff of the faculty of 3mE carry out ground-breaking and pioneering research, which leads to challenging applications and new fundamental insights in the fields of mechanical, maritime and materials engineering. Large parts of the campus are therefore only accessible on foot, by bike, or public transport. For motorists there is the campus ring road, which circles the entire campus. Computers, including laptops & iPads 6. 11. Eligibility from TU Delft side 1.1. Eligibility to submit proposals for workshops within the scope of this Call : a. Exchange activities led by academic staff could include post-doctoral or doctoral fellows. Result of the selection procedure The results will be announced on FAPESP (www.fapesp.br) and TU Delft web portals and by means of a communication to the applying PIs and contact persons indicated. Grant cancellation FAPESP or TU Delft may cancel funding if, during the grant timeframe, a significant event justifies its cancellation in the assessment of the Joint Steering Committee, without prejudice of any other appropriate actions. An individual staff member's research projects, unless it can be justified as catalytic funding for the establishment of an international research collaboration with the prospect of external funding; b. Foreseen actions that will add to the impact of the exchange or workshop for TU Delft and for the Host Institution in the State of São Paulo, e.g. by means of seminars, short courses or visits, etc.; f. Information on granted proposals will be announced on the programme website (see section 8

above). Salaries or salary supplementation and honorarium; d. Description of the Principal Investigators in São Paulo and in the TU Delft and in the workshop or exchange activities developed from the proposal submitted in this Call, to be submitted to research funding agencies accessible in their regions in order to create a medium-long-term collaboration (up to one page). Course fees for international students; f. De contactgegevens vind je hier. Food and drinks: There is a coffee corner in the 3mE building, supplying sandwiches and coffee. From there, every destination is reachable on foot. Fields of knowledge This Call for Proposals invites research proposals in all fields of knowledge. A support letter from the Academic Director or Dean of the Institute or Faculty involved at TU Delft. 4. Timeline Call announced by FAPESP and TU Delft: Jul 30, 2019 Closing date for submission of proposals: Oct 28, 2019 Successful proposals notified after: Jan 27, 2019 5. Per pakket staat vermeld voor welke versie van welk besturingssysteem de aangeboden pakketten geschikt zijn. Iedere student, ongeacht de naam aan het laptopproject, kan de software hier downloaden. A description of each candidate's contribution to the mission, explaining their expertise to carry out the foreseen activities; e. Theun Baller: '3mE's cooperation with business and society is flourishing, and constantly expanding through regional, national and international partnerships. Short CVs (2 pages max) of all Principal Investigators involved in the proposal. After that period, all personal data will be destroyed. Entertainment costs; g. I believe it is important that our researchers not only work at the interface between society and the business world, but also that they look beyond the boundaries of their own disciplines whenever possible.
